

CORTINA FUNDS, INC.

Supplement to Prospectus dated November 1, 2018
and Summary Prospectus dated November 1, 2018
and Statement of Additional Information dated November 1, 2018

CORTINA SMALL CAP GROWTH FUND

(Institutional Class: CRSGX)

CORTINA SMALL CAP VALUE FUND

(Institutional Class: CRSVX)

(Investor Class: CISVX)

On February 5, 2019, the Board of Directors of Cortina Funds, Inc. (the "Board") approved Plans of Liquidation (the "Plans") for the Cortina Small Cap Growth Fund and the Cortina Small Cap Value Fund (each a "Fund" and collectively, the "Funds"), upon the recommendation of Cortina Asset Management, LLC (the "Adviser") to liquidate the Funds. After considering a variety of factors, the Board concluded that it was in the best interests of each Fund and its shareholders that the Funds be closed to new investments effective at the close of business on February 5, 2019 and liquidated effective as of the close of business on March 22, 2019 (the "Liquidation Date").

The Plan determines the manner in which each Fund will be liquidated. Although the Funds are closed to most new purchases, you may continue to redeem your shares of a Fund as provided in the Funds' Prospectus. Please note, however, that each Fund will be liquidating its assets as of the close of business on the Liquidation Date. Each Fund has determined to waive the redemption fee of 2.00% imposed on shares redeemed within 60 days of purchase for redemptions of Fund shares that occur after the date of this supplement.

Each Fund's respective portfolio manager(s) will likely increase the Fund's assets held in cash and cash equivalents in order to prepare for the orderly liquidation of the Fund. As a result, each Fund is expected to deviate from its stated investment objective, policies and strategies. The Adviser will bear all expenses of the liquidation to the extent such expenses are not part of a Fund's customary fees and operating expenses.

Pursuant to the Plans, any shareholder who has not redeemed their shares of a Fund prior to March 22, 2019 will have their shares redeemed in cash and will receive one or more payments representing the shareholder's proportionate interest in the net assets of the Fund as of March 22, 2019, subject to any required withholdings. Shareholders (other than tax-qualified plans or tax-exempt accounts) will recognize gain or loss for federal income tax purposes on the redemption of their Fund shares in the liquidation. In addition, each Fund and its shareholders will bear the transaction costs and tax consequences associated with the disposition of the Fund's portfolio holdings prior to the Liquidation Date. Each Fund may make a distribution of net capital gains and net investment income, if any, prior to March 22, 2019. Shareholders should consult their tax advisers for further information about federal, state and local tax consequences relative to their specific situation.

Important Information for Retirement Plan Investors

If you are a retirement plan investor, you should consult your tax adviser regarding the consequences of a redemption of Fund shares. If you hold your Fund shares through a tax-deferred retirement account, you should consult with your tax adviser or account custodian to determine how you may reinvest your redemption proceeds on a tax-deferred basis. If you will receive a distribution from an Individual Retirement Account (IRA) or a Simplified Employee Pension (SEP) IRA but want to avoid having to include the distribution in your taxable income for the year, you must either roll the proceeds into another IRA within 60 days of the date of the distribution (a "60-day rollover") or request the distribution be made directly to another IRA or eligible retirement plan (a "direct rollover"). Please note you can make only one tax-free, 60-day rollover of a distribution you receive from an IRA to another (or the same) IRA during any 12-month period, regardless of the number of IRAs you own. If you receive a distribution from a 403(b)(7) custodial account (tax-sheltered account) or a Keogh account, you must effect a 60-day rollover or a direct rollover to an eligible retirement plan to avoid disqualification of the plan and inclusion of the distribution in your taxable income for the year. If you are the trustee of a qualified retirement plan or the custodian of a 403(b)(7) custodial account (tax-sheltered account) or a Keogh account, you may reinvest the proceeds in any way permitted by its governing instrument.

**This Supplement should be retained with your Prospectus, Summary Prospectus
and Statement of Additional Information for future reference.**

**The date of this Prospectus, Summary Prospectus and
Statement of Additional Information Supplement is February 5, 2019.**

Summary Prospectus | November 1, 2018

Before you invest, you may want to review the Fund's Prospectus, which contains more information about the Fund and its risks. You can find the Fund's Prospectus and other information about the Fund, including its Statement of Additional Information and shareholder reports, online at www.cortinafunds.com. You may also obtain this information at no cost by calling 1-855-612-3936. The Fund's Prospectus and Statement of Additional Information, both dated November 1, 2018, are incorporated by reference into this Summary Prospectus.

Beginning on January 1, 2021, as permitted by regulations adopted by the Securities and Exchange Commission, paper copies of the Fund shareholder reports will no longer be sent by mail, unless you specifically request paper copies of the reports from a Fund or from your financial intermediary (such as a broker-dealer or bank). Instead, the reports will be made available on the Funds' website (www.cortinafunds.com), and you will be notified by mail each time a report is posted and provided with a website link to access the report.

Beginning on January 1, 2019, you may elect to receive all future reports in paper free of charge. If you invest through a financial intermediary, you can contact your financial intermediary to request that you continue to receive paper copies of your shareholder reports. If you invest directly with a Fund, you can call the Fund toll-free at 1-855-612-3936. Your election to receive reports in paper will apply to all funds held in your account if you invest through your financial intermediary or all funds held with the fund complex if you invest directly with a Fund.

If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. You may elect to receive shareholder reports and other communications from a Fund electronically anytime by contacting your financial intermediary (such as a broker-dealer or bank) or, if you invest directly with a Fund, by enrolling at www.cortinafunds.com.

Investment Objective

The Cortina Small Cap Value Fund (the "Fund") seeks long-term capital appreciation.

Fees and Expenses of the Fund

This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund.

Shareholder Fees (<i>fees paid directly from your investment</i>)		
	Institutional Class	Investor Class
Redemption Fees (<i>as a percentage of amount redeemed, if redeemed within 60 days of initial investment</i>)	2.00%	2.00%
Annual Fund Operating Expenses (<i>expenses that you pay each year as a percentage of the value of your investment</i>)		
	Institutional Class	Investor Class
Management Fees	1.00%	1.00%
Distribution and Service (12b-1) Fees	None	0.25%
Other Expenses	0.75%	0.75%
Total Annual Fund Operating Expenses	1.75%	2.00%
Less: Fee Waiver/Expense Reimbursement	(0.65)%	(0.65)%
Total Annual Fund Operating Expenses After Fee Waiver/Expense Reimbursement ⁽¹⁾	1.10%	1.35%

⁽¹⁾ Cortina Asset Management, LLC (the "Adviser") has contractually agreed to waive management fees and/or reimburse the Fund's operating expenses in order to limit the Fund's total annual fund operating expenses (excluding taxes, leverage, interest, brokerage commissions, dividends or interest expenses on short positions, acquired fund fees and expenses ("AFFE") and extraordinary expenses) to 1.10% of average daily net assets of the Fund for Institutional Class and 1.35% for Investor Class. The agreement will continue in effect at least through October 31, 2019. Subsequent to October 31, 2019, this expense cap/reimbursement agreement will automatically continue for successive renewal terms of one year each, unless either the Fund's Board of Directors (the "Board") or the Adviser notifies the other party of its desire to terminate prior to such renewal. The Adviser may request a reimbursement from the Fund to recapture any reduced management fees or reimbursed Fund expenses within three years following the fee reduction or expense reimbursement, but only to the extent the Fund's total annual fund operating expenses plus any requested reimbursement amount are less than the above limit at the time of the request.

Example

The Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds.

The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that the Fund's operating expenses remain the same. Although your actual costs may be higher or lower, based on these assumptions your costs would be:

	1 Year	3 Years	5 Years	10 Years
Institutional Class	\$112	\$488	\$888	\$2,006
Investor Class	\$137	\$564	\$1,017	\$2,272

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or "turns over" its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in total annual fund operating expenses or in the Example, affect the Fund's performance. During the most recent fiscal year, the Fund's portfolio turnover rate was 95% of the average value of its portfolio.

Principal Investment Strategies

The Fund will normally invest at least 80% of its assets in common stocks of small capitalization ("small-cap") companies that the Adviser believes are undervalued relative to the marketplace or similar companies. Under current market conditions, the Fund considers a company to be a small-cap company if it has a total market capitalization at the time of purchase of \$100 million to the higher of \$3 billion or the high end of the range of companies represented in the Russell 2000 Value Index. As of September 30, 2018, the largest company in the Russell 2000 Value Index has a market capitalization of approximately \$6.0 billion. The Fund may hold securities that are outside of this range so long as it complies with the requirements of the Fund's principal investment strategies and the Investment Company Act of 1940, as amended (the "1940 Act"). The Fund will not exclusively invest in companies represented in the Russell 2000 Value Index and such investments may constitute substantially less than 80% of the Fund's assets. The Fund may invest up to 25% of its assets in foreign securities (including American Depositary Receipts ("ADRs")) that are listed in the United States on a national securities exchange.

In deciding which securities to buy, hold or sell, the Adviser pursues a value oriented approach that seeks to identify securities whose market value is less than their intrinsic value. The Adviser focuses on securities with market-to-book ratios and price-to-earnings ratios that are lower than those of the general market averages or similar companies. The Adviser also may consider a company's dividend yield, growth in sales, balance sheet, management capabilities, earnings and cash flow, as well as other factors. In addition, the Adviser may select securities because it believes there is some potential catalyst to cause a company's stock price to rise.

Principal Investment Risks

Please be aware that you may lose money by investing in the Fund. The following is a summary description of the principal risks of investing in the Fund.

- **General Market Risk.** The Fund's net asset value ("NAV") and investment return will fluctuate based upon changes in the value of its portfolio securities. You could lose money on your investment in the Fund, or the Fund could underperform other investments.
- **Management Risk.** The Adviser's investment strategies for the Fund may not result in an increase in the value of your investment or in overall performance equal to other investments.

- **Common Stock Risk.** Common stocks are susceptible to general stock market fluctuations and to volatile increases and decreases in value as market confidence in and perceptions of their issuers change. Common stock is generally subject to greater risk than preferred stocks and debt obligations because holders of common stock generally have inferior rights to receive payments from issuers in comparison with the rights of the holders of other securities, bondholders and other creditors.
- **Small-Cap Companies Risk.** Investments in small-cap companies entail greater risks than those associated with larger, more established companies, including greater volatility and less liquidity.
- **Value-Style Investing Risk.** Because the Fund focuses on value-style stocks, its performance may at times be better or worse than the performance of funds that focus on other types of stocks or that have a broader investment style. Value-style stocks tend to be inexpensive relative to their earnings or assets compared to other types of stocks, but may not ever realize their full value.
- **Foreign Securities Risk.** The Adviser may invest in foreign securities and ADRs relating to foreign securities. Investments in foreign financial markets present political, regulatory and economic risks which are significant and which may differ in kind and degree from the risks presented by investments in the U.S. financial markets. These may include changes in foreign currency exchange rates or controls, greater price volatility, differences in accounting standards and policies and in the type and nature of disclosures required to be provided by foreign issuers, substantially less liquidity, controls on foreign investment, limitations on repatriation of invested capital and imposition of foreign withholding taxes.

Risk/Return Bar Chart and Table

The following performance information provides some indication of the risks of investing in the Fund. The bar chart below illustrates how the Fund's Institutional Class total returns have varied from year to year. The table below illustrates how the Fund's average annual total returns compare with those of a broad measure of market performance. The Fund's past performance (both before and after taxes) is not necessarily an indicator of how the Fund will perform in the future. Updated performance information is available on the Fund's website at www.cortinafunds.com or by calling the Fund toll-free at 1-855-612-3936.

Annual Total Returns for Year Ended December 31*

Best Quarter: 1st quarter 2012, 14.98%

Worst Quarter: 3rd quarter 2015, -12.04%

* The Fund's Institutional Class calendar year-to-date return as of September 30, 2018 was 3.81%.

Average Annual Total Returns

(for the year ended December 31, 2017)

	1 Year	5 years	Since Inception
Institutional Class Shares*			
Return Before Taxes	9.79%	11.31%	15.50%
Return After Taxes on Distributions	8.44%	10.83%	14.54%
Return After Taxes on Distributions and Sale of Fund Shares	6.61%	8.96%	12.35%
Investor Class Shares**			
Return Before Taxes	9.54%	--	5.19%
Russell 2000 Value TR Index (reflects no deduction for fees, expenses or taxes)	7.84%	13.01%	15.95%

* Institutional Class Shares commenced operations September 30, 2011,

** Investor Class Shares commenced operations April 30, 2014.

After tax returns are shown for Institutional Class Shares only and will vary for Investor Class Shares due to varying sales charges and expenses between classes. After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on an investor's tax situation and may differ from those shown. After-tax returns shown are not relevant to investors who hold their Fund shares through tax-deferred arrangements such as 401(k) plans or individual retirement accounts.

In some cases, the Return After Taxes on Distributions and Sale of Fund Shares may be higher than other return figures when a shareholder realizes a loss on the sale of Fund Shares which provides the shareholder with an assumed tax benefit.

Investment Adviser

Cortina Asset Management, LLC is the Fund's investment adviser.

Portfolio Manager

Alexander E. Yaggy, CFA®, Portfolio Manager of the Adviser, has been the portfolio manager of the Fund since its inception.

Purchase and Sale of Fund Shares

The Fund offers investors two classes of shares: Investor Class and Institutional Class. The minimum initial investment in Investor Class is \$2,500. There is no subsequent investment minimum for Investor Class shares. The minimum initial investment for Institutional Class is \$25,000. There is no subsequent investment minimum for Institutional Class shares. Investors generally may meet the minimum investment amount by aggregating multiple accounts within the Fund.

You may purchase or redeem shares of the Fund on any day in which the New York Stock Exchange (the "NYSE") is open by written request via mail (Cortina Funds, Inc. c/o ALPS Fund Services, Inc., P.O. Box 1376, Denver, CO 80201-1376) or overnight delivery (Cortina Funds, Inc. c/o ALPS Fund Services, Inc., 1290 Broadway, Suite 1100, Denver, CO 80203), by wire transfer, by telephone at 1-855-612-3936, or through a financial intermediary.

Tax Information

The Fund intends to make distributions that may be subject to federal income tax and may be taxed as ordinary income or long-term capital gains, unless you are a tax-exempt investor or are investing through a tax-deferred arrangement, such as a 401(k) plan or an IRA, in which case you may be subject to federal income tax upon withdrawal from such tax-deferred arrangement.

Payments to Broker-Dealers and Other Financial Intermediaries

If you purchase Fund shares through a broker-dealer or other financial intermediary (such as a bank), the Fund, the Adviser or the Fund's distributor, ALPS Distributors, Inc., may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your adviser to recommend the Fund over another investment. Ask your adviser or visit your financial intermediary's website for more information.
